Heard there was some troublemaker in my neck of the city lately.

But this ain't the guy, just a harmless toon! So why pick on ol' Dust?

We need to stop meeting new toons this way, Toma!

Listen up, cutey. You help me put on a show for the new folks here and I'll consider it due karma for what ya did to Dust. Beat?

Ohh I get it! He's mocking you! What are you going to do?

Play along. I can't take on a toon like Dee! But if I let him have his fun, maybe he'll move on so that Evan and I can get out of here.

Now that's what I'm talking about!

SNAP!

!!

Toma! A direct impact!

!!

WhoOOaaAA!

Now even I'm feeling it!

Gotta fine tune it. Been working on that modulation technique and itchin' to try it out!

Good news, hot stuff, it'll wear off!

Hey. Y'all been great!

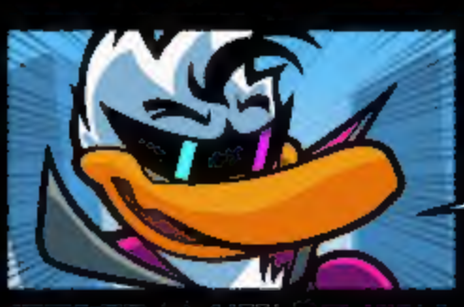
Make sure you fine featherless folks flock down to the Dabbling Duet. Best place to chase those fowl moods away!



Though-o-ho wait a minute is that who I think it is? Wow!

I don't think it's a good time t-to come out... we... how Dee will r-react!
Evan?
Relax, Toma.
Y-you're human...
Thanks to you.
Dee's cool, okay?
You were drunk at the time, and I wasn't helping, but you had no problem flaunting your human form, either. Why hide, right?
Evan, yo!
Hey Dee, it's~
You look...
Different! Less froggy, but same ol' prince!
